Re:

City of Lansing

Red Cedar Watershed Stormwater Pollution Prevention Initiative

NPDES Permit; COC No. MIG610101

Mr. Benton,

The Certificates of Coverage (COC) for the Red Cedar Watershed list a deadline of April 1, 2008 for submittal of revisions or notification of no revisions to the Stormwater Pollution Prevention Initiative (SWPPI). Our latest revisions were submitted on September 28, 2007, as amended on December 14, 2007. We have no further revisions to our SWPPI at this time.

The GLRC is revising the joint Watershed Management Plan to include the Red Cedar, Looking Glass, and Grand River Watersheds. This revision will also include a comprehensively updated Action Plan Table. Once the new permit is issued, we will submit an updated comprehensive SWPPI, based on the new COC, to the Department as requested in the new COC.

Sincerely.

William H. Brunner, P.E. Environmental Engineer
